international education projects

SHORTINFORMATION

of non-profit F+U Saxony Ltd.

Introduction

The state approved F+U Gemeinnützige Bildungseinrichtung für Fortbildung und Umschulung Sachsen GmbH (non-profit institution for further education and retraining in Saxony) of German vocational training, shortly non-profit F+U Saxony Ltd., is a since 1991 on the market operating corporate educational institution with branches in Chemnitz/Einsiedel, Bautzen, Neukirch and Zwickau.

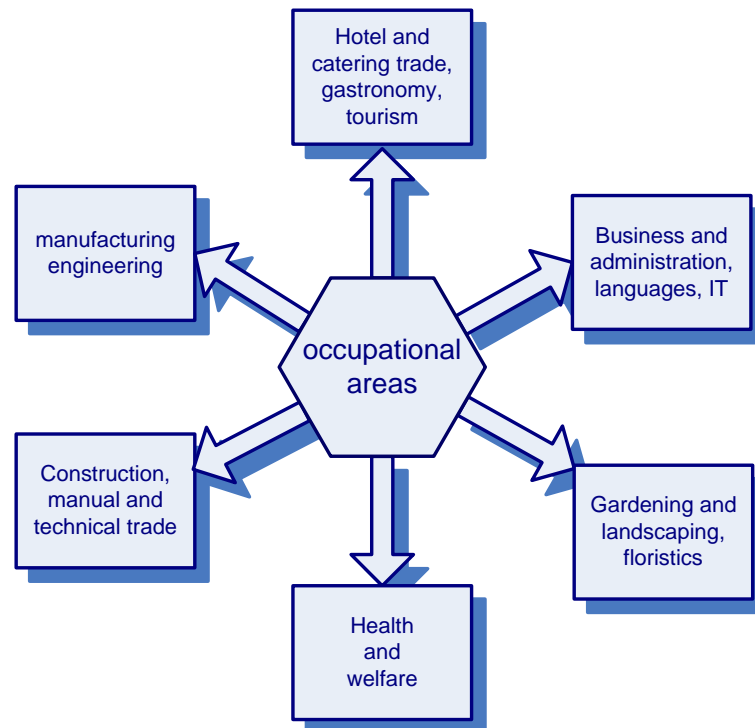

The branch in Einsiedel, district of Chemnitz, is our biggest. The centre of Einsiedel you can within walking distance in ten minutes. There is located a market, mail-administrating centre as well as medically supply. The centre of Chemnitz can easily be reached by using the available public transport facilities.

Occupational vocational training and further education

The German vocational training system is based on the dual system. Behind the theoretical knowledge transfer by professional schools we as state approved corporate educational institution of German vocational training undertake the practical part of vocational training. Our company with staff of 250 employers transfers the professional, methodological and social competences in practise oriented way (Workshops, hotel, practise centre) and organise and look after of internship in companies. Yearly approximately 500 persons pass through our vocational training and further education offers.

Our range of services includes the following:

Especially in the following occupational areas we have vocational training with approximately participants per year (vocational training and project participants):

		since	participants per year
metal construction, manufacturing engineering, automobile	automobile mechatronic	2007	70
	automobile service mechanician	2006	70
	automobile varnish	2005	25
	metal construction / manufacturing engineering	2003	18
construction profession	carpenter	1999	40
	electrician	1999	40
	brick layer	1999	15
	painter, interior designer	1999	17
social profession	child educator	2005	20
	nursing	1996	40
tourism, gastronomy	hotel trade, gastronomy, catering	1999	80

In cooperation with regional partners we qualify participants in field of manufacturing engineering. In case of child educator we realised successful several stately short term trainings certified by CertQua (certification date: 2005) and cooperate with kindergarten.

European Activities

As a future-oriented and active company we understand how to integrate our range of services in the field of international education for more than 10 years especially in frame of Leonard da Vinci mobility projects (see list of references).

In frame of Leonardo da Vinci – mobility we start in this program direction in 1995 with Canarias as first partner. Now we cooperate with institutions from Czech Republic, Bulgaria, France, Greece, Italy, Latvia, Poland, Portugal, Slovakia and Turkey.

Our long-time experience with international educational projects and project work enable us to support you from the idea to its realisation. We arrange your program according to your needs and interest to achieve the greatest benefit for you.

For a successful project realisation we focus on customer orientation and customer satisfaction as well as on quality management. During the stay in our company an employer of International Department is available for groups as contact person (to manage program, to evaluate, for questions, for problems, etc.)

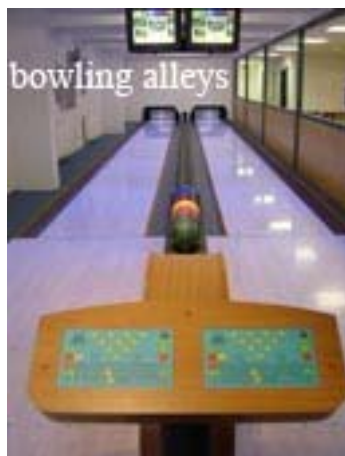

Infrastructure

The projects will take place in our above-named educational institutions.

The participants of your institution will stay in our modern equipped residential accommodations (single, double or three bed bedrooms). Also we offer them full-board in the company owned restaurant.

Free time possibilities

Furthermore we provide several free-time possibilities like gym, bowling, internet access and leisure centre to our guests for free. On Saturdays we offer cultural activities like daily trips in region of Saxony (Augustusburg Castle, Dresden, Leipzig, and so on) which are organised and took care by staff of our company. Gladly we organise barbecues or tours to indoor swimming pool.
